## Review:

*Hornsby Shire Council is planning to build a six kilometre network of mountain bike trails in Hornsby. When completed, the facility will include a range of tracks to meet the needs of different user groups, from families with children who are mountain biking for the first time through to experienced riders.*

*The facility will be built in several stages:*

*Stage 1 - a 2.5 kilometre cross country trail behind Hornsby Park and adjacent to Quarry Road. Construction is expected to commence late 2011 and be open for use early 2012.*

*Stage 2 - a 3 kilometre Old Mans Valley cross country trail that links with stage 1. Construction is expected to commence in 2012, subject to Council's adoption of a Plan of Management for Old Mans Valley.*

*Stage 3 - a small pocket park in Old Mans Valley with a skills circuit, pump track and jump runs. This will be built as a final stage subject to funding (including grant applications).*
