## Review:

Turner Hill is a good fun, challenging course with plenty of fast, flowing single track, some speedy descents and of course a long gruelling climb. A new addition for '07 contains a sequence of log-overs, drops, doubles and jumps - not for the faint hearted!

The main loop is about 9km long, this can be shortened to a 4km loop by taking a turn-off a few kilometers in (sorry, not yet on map). The short loop rejoins the main loop toward the end (missing out the long climb). The trails are well sign posted.
